

Tree Climber Dad Kevin Mwafula with his two sons

Greetings!

Discipleship must begin ... at the beginning, It can't wait until they're "old enough."  
[Tree Climbers](#) is a part of our ministry designed to help dads with boys between 1st and 2nd grade to have a context and content on a regular basis to build a strong relationship with God and each other.

In this short but [impactful video](#) Tree Climber dad Kevin Mwafula talks about how the Tree Climbers ministry has helped:

- Equip his boys to develop an appetite for The Word of God
- Teach his boys to love service
- Him, as a dad, keep the right focus,
- Him grow in his own walk with Christ
- Him "see God moving in their hearts in a way that I'm not a part of it. This is becoming their own faith now."
