

Dear Friends,

I had asked for your prayers earlier this month. Now I can give you a bit of an update. Your prayers on our behalf were effective! On our drive to Grand Rapids, Michigan, we had arranged to visit a couple in Kalamazoo, Michigan. We wanted to let them know how much we appreciate them as long time faithful contributors to the Brigade ministry. Mike Nicholson is also Herald of Christ #15 from the year 1959.

We did not know that our visit would coincide with the 60th anniversary of his Herald award, in fact to the day! He showed us original photos and CSB newsletters! Your prayers answered with some great fellowship of believers! Our CSB field staff converged in Grand Rapids on Friday, where we participated in an Iron Sharpens Iron Men's Conference Saturday. This anchor point for our staff gave us service opportunities with seminars for the 300+ men attending. Your prayers helped us demonstrate how Brigade can be an active arm of inter-generational men's ministry.

After enjoying the hospitality of several families we drove north to White Cloud, Michigan to a remote hunting lodge for our annual Staff Conference. We spent three days and nights there. There was still plenty of snow and we enjoyed afternoon rides and hikes through the woods.

Although we meet weekly by video conferencing, there is nothing like getting together, especially with two new Regional Directors. We had several days of relationship building, mutual encouragement, visioning and brain-storming as well as working on a number of team initiatives. Your prayers assured us of our unity and purpose in ministry.

Christian Service Brigade serves God's people with urging inter-generational, masculine discipleship that will build godly men. We're engaged to help churches advance a ministry in a culture that's been changing in many ways. But our bedrock of

Bible teaching and the Gospel of Christ leads us in relational discipleship with these young men. Please pray for God given opportunities.

Please pray for:

Church groups with men that want our service in reaching boys

Regional StockCar Derby at Forcey Bible Church, March 30

Battalion Camp-O-Rama at Haycock Camp on April 5-7

Now back at home in PA, Martha and I as a couple always appreciate your prayers. She is doing a personal ministry trip the last week of this month in Florida to visit some important senior ladies in our lives. She's anticipating this trip for the benefit of others.

Thanks so much for your support,

-- *Arden Musselman*
